**What is a Day Without Hate?**

Day Without Hate promotes nonviolence, unity, and respect in our schools that started from the shooting that happened in Virginia Tech in 2007. Students across the nation wear white in order to show a commitment and trust in each other to make their school a safer place. Since then, students across Colorado and the nation have taken this incredibly positive day to their communities to say that we will not tolerate violence or hate, and we will reach out to friends, acquaintances, and say, "We're all in this together."
