

# Participatory Budgeting Chicago - 10th Ward

## What would you do with \$1 million?

### What is Participatory Budget?

Participatory budgeting (PB) is a democratic process in which community members directly decide how to spend part of a public budget. PB gives ordinary people real decision-making power over real money.

### How much money will be available in the 10th Ward Participatory Budget?

\$1 Million

### What will the money be used for?

Strictly for infrastructure; neighborhood beautification, updating lights, repaving streets, fixing the parks, etc.

### What can the money NOT be used for?

It cannot be used to build a community organization, pay for soccer uniforms, hire youth, programming, etc.

### \* Eligible projects must:

1. be located in the 10th Ward, 2. benefit the community, 3. be a capital improvement.
